Please inform us if you have an established Medical Provider Network (MPN)? Please provide us with the following information so that we can inform and provide the injured worker with the proper information on how to select a treating physician from the employer's MPN.

Per Title & CCR 9767.5 an employer's MPN must have at least three (3) physicians in my area of specialty, of Chiropractic, to treat the injured worker. These three chiropractors must be within 30 minutes or 15 miles of a covered employee's residence or workplace.

Please list the names and phone numbers of these three (3) Chiropractors on the following lines:

· · · · · · · · · · · · · · · · · · ·	, D.C.;	$()_{-}$	
	, D.C.;	()_	
С.	, D.C.;	$()_{-}$	

If this list of three Chiropractors in the employer's MPN is not forwarded to our office within five (5) days, we will take this to mean that you do not have three chiropractors on your MPN list within 30 minutes or 15 miles of the covered employee's residence or workplace.

If so, then the patient has requested this office to evaluate and to treat his/her industrially related medical needs and we will proceed to evaluate and treat the injured worker as needed on an industrial basis.

If you, the insurance company/employer, fail or refuse to furnish treatment to the injured worker, then the expense incurred for medical services furnished will be due as per Section 5402, subdivision (b) and (c). Labor Code 5402 (b)(c), requires the employer to authorize all appropriate medical care up to \$10,000 until the liability for the claimed injury is accepted or rejected. If payment of this bill is denied; we will pursue provisions under L.C. 4603.2

As of 06/01/04, Labor code 5814 mandates a 25% penalty on the amount of payment upreasonably delayed (10% if self-imposed). Accordingly, it would be requested that the employer please provide immediate payment.

NOTICE REGARDING PARTIAL DENIAL OF WORKERS' COMPENSATION BENEFIT

Dear Ms. James Young,

Athens Administrators is handling your workers' compensation claim on behalf of STARS Behavioral Health Group. This notice is to advise you of the status of disability benefits for your workers' compensation injury on the date shown above.

After careful consideration of all the available information, we are denying liability for your claim of injury to your back as there is no substantial medical, legal, or factual evidence to support you sustained a work related injury to these body parts while employed for Stars. We will continue to accept the neck and left shoulder.

For claims reported on or after April 19, 2004, regardless of the date of injury, if you submitted a claim form to your employer or claims administrator, Labor Code section 5402(c) provides that within one working day after you file the claim form, the employer shall authorize the provision of all treatment, consistent with the applicable treating guidelines, for the alleged injury and shall continue to provide such medical treatment until the claims administrator accepts or denies iliability for the claim. Until the date the claim is accepted or rejected, liability for medical treatment under this Labor Code section shall be limited to a maximum of ten thousand dollars (\$10,000).

Unless you have done so already, you should immediately send me for consideration of payment, all bills for medical services provided between the date the completed claim form was given to the employer and the date that liability for the claim is rejected.

Although your claim has been denied, if you believe that you still need medical treatment for your injury or illness, you have the right to obtain treatment outside the workers' compensation system.

If you have your own health insurance, or are eligible to be treated by someone else's health insurance, you can use that insurance to get medical care. You should advise your physician that you believe that your injury or illness is work related, so the health insurer can seek reimbursement from the claims administrator.

You should advise any doctor, clinic, or hospital that agrees to treat you that you believe that your injury or illness is work related so they can seek payment from the claims administrator through the workers' compensation system.

<u>Primary Treating Physician's</u> <u>Initial Evaluation Report</u> And Request for Authorization

Dear Gentlepersons:

2.2.2

The above-named patient was seen for a Primary Treating Physician's Initial Evaluation on October 30, 2019, in my office located at 6221 Wilshire Boulevard, Suite 604, Los Angeles, California 90048. The following information contained in this report is derived from a review of the available medical records, as well as the oral history as presented by the patient. My associate, Dr. Kravchenko, examined the patient and I, Dr. Gofnung, the primary treating physician, agree with Dr. Kravchenko's physical examination findings and conclusions.

11-25-2019

The history of injury as related by the patient, the physical examination findings, my conclusions and overall recommendations are as follows.

This authorization for treatment is made in compliance with Labor Code 4610 and 8 CCR 9792.6(o) and therefore serves as a written request for authorization for today's 'e evaluation/consultation and treatment recommendations as described in this report. Please comply with Labor Code 4610, 8 CCR 9792.11 – 9792.15, 8 CCR 10112 – 10112.3 (formerly 8 CCR 10225 – 10225.2) and Labor Code 5814.6. Please comply with Sandhagen v. State Compensation Insurance Fund (2008) 44 Cal. 4 ch 230. Please comply with Jesus Cervantes v. El Aguila Fodd '' Products, Inc. and Ciga, et al., WCAB en banc, 7-0, November 19, 2009. Be aware that Labor Code 4610(b) requires the defendant to conduct utilization review on any and all requests for treatment. Furthermore, Labor Code 4610 Utilization Review deadlines are mandatory. It is the defendant's duty to forward all consultation and treatment authorization requests to utilization review. Be aware the defendant and insurance company has five working days to authorize, delay,

modify or deny a request for all treatment, but 10 days for spinal surgery. Please issue timely payment for medical care and treatment rendered in order to avoid payment of interests and penalties, per labor codes referenced. Failure of the defendant or insurance company to respond in writing within five working days results in an authorization by default. Furthermore, failure to pay for "self-procured" medical care when utilization deadlines are missed triggers penalties for the defendant or the insurance company due to violation of 8 CCR 10225 – 10225.2 and Labor Code 5814/5814.6 and 4603.2b. When there is a dispute with regard to treatment, the right to proceed with the Labor Code 4062 process belongs exclusively to the injured employee. If the treatment recommendations are not authorized by the insurance carrier, this report and bill should be kept together by the Workers' Compensation carrier for the review company. The claims examiner should forward this report to the defense attorney and nurse case manager.

Discussion and Treatment Recommendations:

The patient is recommended comprehensive treatment course consisting of chiropractic manipulations and adjunctive multimodality physiotherapy to include myofascial release, hydrocollator, infrared, cryotherapy, electrical stimulation, ultrasound, strengthening, range of motion (active / passive) joint mobilization, home program instruction, therapeutic exercise, intersegmental spine traction and all other appropriate physiotherapeutic modalities for <u>cervical</u>, <u>and lumbar spine and left shoulder at two times per week for four weeks with a followup in four weeks</u>.

10

1. † 13

The patient requires x-rays of left shoulder.

The patient requires MRI of cervical and lumbar spine and left shoulder.

The patient requires <u>NCV/EMG of upper extremities</u> in order to fully evaluate her condition.

The patient is recommended psychiatric consultation with Dr. Musher.

The patient is recommended <u>neurology consultation with regards to traumatic brain</u> injury, close head trauma evaluation and treatment.

Medical Causation Regarding AOE/COE:

In my opinion, it is within a reasonable degree of medical probability that the causation of this patient's head, neck, lower back and left shoulder injuries and resultant conditions, as well as need for treatment are industrially related and secondary to 04/18/19 injury as described above while working for Star View Adolescent Center as a shift lead.

I concluded my opinion based on this patient's job description, history of injury as reported, medical records (if any provided), as well as the patient's complaints, my physical examination findings and diagnostic impressions, and absent evidence to the contrary.

Permanent and Stationary Status:

The patient's condition is not permanent and stationary. She is in need of further treatment and diagnostics.

Work Status:

The patient is to return to modified with the following restrictions. No repeated flexing, extending or rotating of the neck. No repeated work with left arm above shoulder height. No lifting in excess of 15 pounds. No repeated bending or stooping. If modified duty as indicated is not provided, the patient is then considered temporarily totally disabled until reevaluation in four weeks.

Disclosure:

I derived the above opinions from the oral history as related by the patient, revealed by the available medical records, diagnostic testing, credibility of the patient, examination findings and my clinical experience. This evaluation was carried out at 6221 Wilshire Boulevard, Suite 604, Los Angeles, California 90048. I prepared this report, including any and all impressions and conclusions described in the discussion.

In compliance with recent Workers' Compensation legislation (Labor Code Section 4628)(b): "I declare that Dr. Kravchenko examined the patient and may have assisted with initial preparation and assembly of components of this report, and I, Dr. Gofnung, the primary treating physician, have reviewed the report, edited the document, reviewed the final draft and I am in agreement with the findings, including any and all impressions and conclusions as described in the this report."

I performed the physical examination, reviewed the document and reached a conclusion, of this report which was transcribed by Acu Trans Solution LLC and I proofread and edited the final draft prior to signing the report in compliance with the guidelines established by the Industrial Medical Council or the Administrative Director pursuant to paragraph 5 of the subdivision (J) of Section 139.2.

In compliance with recent Workers' Compensation legislation (Labor Code Section 4628(J)): "I declare under penalty of perjury that the information contained in this report and it's attachments, if any, is true and correct to the best of my knowledge and belief, except as to information I have indicated I have received from others. This statement is made under penalty of perjury and is consistent with WCAB Rule 10978."

The undersigned further declares that the charges for this patient are in excess of the RVS and the OMFS codes due to high office and staff costs incurred to treat this patient, that the charges are the same for all patients of this office, and that they are reasonable and necessary in the circumstances. Additionally, a medical practice providing treatment to injured workers experiences extraordinary expenses in the form of mandated paperwork and collection expenses; including the necessity of appearances before the Workers' Compensation Appeals Board. This office does not accept the Official Medical Fee Schedule as prima facie evidence to support the reasonableness of charges. I am a board-certified Doctor of Chiropractic, a state-appointed Qualified Medical Evaluator, a Certified Industrial Injury Evaluator and certified in manipulation under anesthesia. Based on the level of services provided and overhead expenses for services contained within my geographical area, I bill in accordance with the provisions set forth in Labor Code Section 5307.1.

opinion as to the extent and compensability of injury, including any issues regarding AOE/COE to include, but not be limited to, all treating, evaluation, and testing reports, notes, documents, all sub rosa films, tapes, videos, reports; employer-level investigation documentation including statements of individuals; prior injury documentation; etc. This is a continuing and ongoing request to immediately comply with 8 CCR Section 9784 by overnight delivery service should such information become available at any time in the future. Obviously, time is of the essence in providing evaluation and treatment. Delay in providing information can only result in (an unnecessary increase of treatment and testing costs to the employer.

I will assume the accuracy of any self-report of the examinee's employment activities, until and unless a formal Job Analysis or Description is provided. Should there be any concern as to the accuracy of the said employment information, please provide a Job Analysis/Description as soon as possible.

I am advising the Workers' Compensation Appeals Board that I may not appear at hearings or Mandatory settlement Conferences for the case in chief. Therefore, in accordance with Procedures set forth in Policy and Procedural Manuel Index No. 6.610, effective February 1, 1995; I request that defendants, with full authority to resolve my lien, telephone my office and ask to speak with me.

The above report is for medicolegal assessment and is not to be construed as a report on a complete physical examination for general health purposes. Only those symptoms which I believe have been involved in the injury, or might relate to the injury, have been assessed. Regarding the general health of the patient, the patient has been advised to continue under the care of and/or to get a physical examination for general purposes with a personal physician.

Time spent face-to-face 40 minutes and non face-to-face 20 minutes.

I declare under penalty of perjury under the laws of the State of California that the above is true and correct.

Should you have any questions with regard to this consultation please contact me at my office,

NOTICE REGARDING PARTIAL DENIAL OF WORKERS' COMPENSATION BENEFIT

ATHEN

Dear Ms. James Young,

Athens Administrators is handling your workers' compensation claim on behalf of STARS Behavioral Health Group. This notice is to advise you of the status of disability benefits for your workers' compensation injury on the date shown above.

After careful consideration of all the available information, we are denying liability for your claim of injury to your back as there is no substantial medical, legal, or factual evidence to support you sustained a work related injury to these body parts while employed for Stars. We will continue to accept the neck and left shoulder.

For claims reported on or after April 19, 2004, regardless of the date of injury, if you submitted a claim form to your employer or claims administrator, Labor Code section 5402(c) provides that within one working day after you file the claim form, the employer shall authorize the provision of all treatment, consistent with the applicable treating guidelines, for the alleged injury and shall continue to provide such medical treatment until the claims administrator accepts or denies liability for the claim. Until the date the claim is accepted or rejected, liability for medical treatment under this Labor Code section shall be limited to a maximum of ten thousand dollars (\$10,000).

Unless you have done so already, you should immediately send me for consideration of payment, all bills for medical services provided between the date the completed claim form was given to the employer and the date that liability for the claim is rejected.

Although your claim has been denied, if you believe that you still need medical treatment for your injury or illness, you have the right to obtain treatment outside the workers' compensation system.

If you have your own health insurance, or are eligible to be treated by someone else's health insurance, you can use that insurance to get medical care. You should advise your physician that you believe that your injury or illness is work related, so the health insurer can seek reimbursement from the claims administrator.

MAILING ADDRESS: PO BOX 696 | CONCORD, CA | 94522-0696PHONE: 1.866.482.3535

If you do not have health insurance available, there are doctors, clinics, or hospitals that will treat you without immediate payment. You should advise any doctor, clinic, or hospital that agrees to treat you that you believe that your injury or illness is work related so they can seek payment from the claims administrator through the workers' compensation system.

Since you are represented, please contact your attorney with any questions.

In accordance with 8 CCR §9810 (n), Athens Administrators is unable to offer a secured encrypted electronic submission to you or your attorney of your benefit notices. Therefore, if either you or your attorney, if any, have previously notified us that you wish these notices sent to you electronically by completing item #8 on the Employee Claim Form (DWC-1), please be advised that your notices will continue to be sent to you by regular mail on the date they are required.

ACCEPTANCE LETTER

We have determined that your injury to your **neck and left shoulder** on 04/18/2019 occurred in the course and scope of your employment. We are sorry to have learned of your recent industrial injury. We are the administrator of your employer's workers' compensation program and will be handling your claim. This notice is to advise you of our determination of compensation for your workers' compensation claim.

You may be entitled to medical benefits which are reasonable and necessary to cure or relieve the effects of this industrial injury. If you have any medical bills you have paid yourself, please provide receipts and/or canceled checks and submit them to us for consideration and payment as appropriate. Mileage reimbursement for necessary trips to the doctor is available at the rate of \$.58 per mile beginning 1/1/19. Please complete and return the enclosed mileage form.

You also may be entitled to temporary disability compensation while off work. Temporary disability benefits are payable only when you are not receiving income from any type of gainful employment, which must be documented by medical evidence. You may also qualify for permanent disability and supplemental job displacement benefits (if your date of injury is 2004 or later), if the condition persists following medical treatment.

Further, please be aware that you must advise your treating physician that they are to forward the Doctor's First Report of Injury to us without delay, and that periodic progress reports are required to support payment of your benefits. You are responsible for advising us of the names of all treating physicians. If you did not predesignate a personal physician prior to the injury, and you are not covered by an MPN or HCO, your employer will select the doctor you will see for the first 30 days following injury and that treatment should be obtained from physicians recommended, or named on notices posted in your place of employment.

Treatment by more than one physician at a time can be considered self-procured, and may be considered your personal obligation. If you wish to change physicians, it is your responsibility to advise this office prior to doing so.

Please call us at once if you have any questions about your benefits. We sincerely wish you a prompt and successful recovery.

The State of California requires that you be given the following information:

You have a right to disagree with decisions affecting your claim. If you have any questions regarding the information provided to you in this notice, please call me, Timothy Chapin at (925) 826-1226. TIME OF HIRE PAMPHLET

This pamphlet, or a similar one that has been approved by the Administrative Director, must be given to all newly hired employees in the State of California. Employers and claims administrators may use the content of this document and put their logos and additional information on it. The content of this pamphlet applies to all industrial injuries that occur on or after January 1, 2013.

WHAT IS WORKERS' COMPENSATION?

If you get hurt on the job, your employer is required by law to pay for workers' compensation benefits. You could get hurt by:

One event at work. Examples: hurting your back in a fall, getting burned by a chemical that splashes on your skin, getting hurt in a car accident while making deliveries.

Repeated exposures at work. Examples: hurting your wrist from using vibrating tools, losing your hearing because of constant loud noise.

-or-

Workplace crime. Examples: you get hurt in a store robbery, physically attacked by an unhappy customer.

Discrimination is illegal

It is illegal under Labor Code section 132a for your employer to punish or fire you because you:

- · File a workers' compensation claim
- Intend to file a workers' compensation claim
- Settle a workers' compensation claim
- Testify or intend to testify for another injured worker.

If it is found that your employer discriminated against you, he or she may be ordered to return you to your job. Your employer may also be made to pay for lost wages, increased workers' compensation benefits, and costs and expenses set by state law.

WHAT ARE THE BENEFITS?

 Medical care: Paid for by your employer to help you recover from an injury or illness caused by work. Doctor visits, hospital services, physical therapy, lab tests and x-rays are some of the medical services that may be provided. These services should be necessary to treat your injury. There are limits on some services such as physical and occupational therapy and chiropractic care.

AA000070

- Temporary disability benefits: Payments if you lose wages because your injury prevents you from doing your usual job while recovering. The amount you may get is up to two-thirds of your wages. There are minimum and maximum payment limits set by state law. You will be paid every two weeks if you are eligible. For most injuries, payments may not exceed 104 weeks within five years from your date of injury. Temporary disability (TD) stops when you return to work, or when the doctor releases you for work, or says your injury has improved as much as it's going to.
- **Permanent disability benefits**: Payments if you don't recover completely. You will be paid every two weeks if you are eligible. There are minimum and maximum weekly payment rates established by state law. The amount of payment is based on:
 - o Your doctor's medical reports
 - o Your age
 - o Your occupation
- Supplemental job displacement benefits: This is a voucher for up to \$6,000 that you can use for retraining or skill enhancement at an approved school, books, tools, licenses or certification fees, or other resources to help you find a new job. You are eligible for this voucher if:
 - o You have a permanent disability.
 - Your employer does not offer regular, modified, or alternative work, within 60 days after the claims administrator receives a doctor's report saying you have made a maximum medical recovery.
- Death benefits: Payments to your spouse, children or other dependents if you die from a job injury or illness. The amount of payment is based on the number of dependents. The benefit is paid every two weeks at a rate of at least \$224 per week. In addition, workers' compensation provides a burial allowance.

OTHER BENEFITS

You may file a claim with the Employment Development Department (EDD) to get state disability benefits when workers' compensation benefits are delayed, denied, or have ended. There are time restrictions so for more information contact the local office of EDD or go to their web site <u>www.edd.ca.gov</u>.

If your injury results in a permanent disability (PD) and the state determines that your PD benefit is disproportionately low compared to your earning loss, you may qualify for additional money from the Department of Industrial Relation's special earnings loss supplement program also known as the return to work program. If you have questions or think you qualify, contact the Information & Assistance Unit by going to <u>www.dwc.ca.gov</u> and looking under "Workers' Compensation programs and units" for the "Information & Assistance Unit" link or visit the DIR web site at <u>www.dir.ca.gov</u>.

AA000071

Workers' compensation fraud is a crime

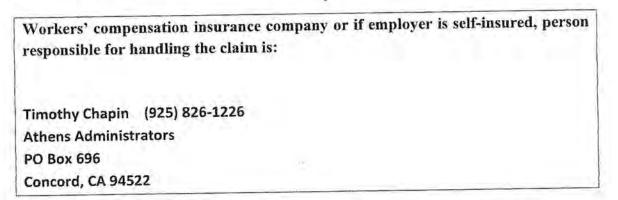

Any person who makes or causes to be made any knowingly false statement in order to obtain or deny workers' compensation benefits or payments is guilty of a felony. If convicted, the person will have to pay fines up to \$150,000 and/or serve up to five years in jail.

WHAT SHOULD I DO IF I HAVE AN INJURY?

Report your injury to your employer

Tell your supervisor right away no matter how slight the injury may be. Don't delay – there are time limits. You could lose your right to benefits if your employer does not learn of your injury within 30 days. If your injury or illness is one that develops over time, report it as soon as you learn it was caused by your job.

If you cannot report to the employer or don't hear from the claims administrator after you have reported your injury, contact the claims administrator yourself.

You may be able to find the name of your employer's workers' compensation insurer at <u>www.caworkcompcoverage.com</u>. If no coverage exists or coverage has expired, contact the Division of Labor Standards Enforcement at <u>www.dir.ca.gov/DLSE</u> as all employees must be covered by law.

Get emergency treatment if needed

If it's a medical emergency, go to an emergency room right away. Tell the medical provider who treats you that your injury is job related. Your employer may tell you where to go for follow up treatment.

Emergency telephone number: Call 911 for an ambulance, fire department or police. For non-emergency medical care, contact your employer, the workers' compensation claims administrator or go to this facility:

Fill out DWC 1 claim form and give it to your employer

Your employer must give you a <u>DWC 1 claim form</u> within one working day after learning about your injury or illness. Complete the employee portion, sign and give it back to your employer. Your employer will then file your claim with the claims administrator. Your employer must authorize treatment within one working day of receiving the DWC 1 claim form.

If the injury is from repeated exposures, you have one year from when you realized your injury was job related to file a claim.

In either case, you may receive up to \$10,000 in employer-paid medical care until your claim is either accepted or denied. The claims administrator has up to 90 days to decide whether to accept or deny your claim. Otherwise your case is presumed payable.

Your employer or the claims administrator will send you "benefit notices" that will advise you of the status of your claim.

MORE ABOUT MEDICAL CARE

What is a Primary Treating Physician (PTP)?

This is the doctor with overall responsibility for treating your injury or illness. He or she may be:

- The doctor you name in writing *before* you get hurt on the job
- A doctor from the medical provider network (MPN)
- The doctor chosen by your employer during the first 30 days of injury if your employer does not have an MPN or
- The doctor you chose after the first 30 days if your employer does not have an MPN.

What is a Medical Provider Network (MPN)?

An MPN is a select group of health care providers who treat injured workers. Check with your employer to see if they are using an MPN.

If you have not named a doctor before you get hurt and your employer is using an MPN, you will see an MPN doctor. After your first visit, you are free to choose another doctor from the MPN list.

What is Predesignation?

Predesignation is when you name your regular doctor to treat you if you get hurt on the job. The doctor must be a medical doctor (M.D.), doctor of osteopathic medicine (D.O.) or a medical group with an M.D. or D.O. You must name your doctor in writing *before* you get hurt or become ill.

You may predesignate a doctor if you have health care coverage for non-work injuries and illnesses. The doctor must have:

- Treated you
- Maintained your medical history and records before your injury and
- Agreed to treat you for a work-related injury or illness before you get hurt or become ill.

AA000073

You may use the "predesignation of personal physician" form included with this pamphlet. After you fill in the form, be sure to give it to your employer.

If your employer does not have an approved MPN, you may name your chiropractor or acupuncturist to treat you for work related injuries. The notice of personal chiropractor or acupuncturist must be in writing *before* you get hurt. You may use the form included in this pamphlet. After you fill in the form, be sure to give it to your employer.

With some exceptions, state law does not allow a chiropractor to continue as your treating physician after 24 visits. Once you have received 24 chiropractic visits, if you still require medical treatment, you will have to select a new physician who is not a chiropractor. The term "chiropractic visit" means any chiropractic office visit, regardless of whether the services performed involve chiropractic manipulation or are limited to evaluation and management.

Exceptions to the prohibition on a chiropractor continuing as your treating physician after 24 visits include postsurgical physical medicine visits prescribed by the surgeon, or physician designated by the surgeon, under the postsurgical component of the Division of Workers' Compensation's Medical Treatment Utilization Schedule, or if your employer has authorized additional visits in writing.

WHAT IF THERE IS A PROBLEM?

If you have a concern, speak up. Talk to your employer or the claims administrator handling your claim and try to solve the problem. If this doesn't work, get help by trying the following:

Contact the Division of Workers' Compensation (DWC) Information and Assistance (I&A) Unit All 24 DWC offices throughout the state provide information and assistance on rights, benefits and obligations under California's workers' compensation laws. I&A officers help resolve disputes without formal proceedings. Their goal is to get you full and timely benefits. Their services are free.

To contact the nearest I&A Unit, go to <u>www.dwc.ca.gov</u> and under "Workers' Compensation programs and units", click on "Information & Assistance Unit." At this site you will find fact sheets, guides and information to help you.

The nearest I&A Unit is located at:

Consult with an attorney

Most attorneys offer one free consultation. If you decide to hire an attorney, his or her fees may be taken out of some of your benefits. For names of workers' compensation attorneys, call the State Bar of California at (415) 538-2120 or go to their website at <u>www.californiaspecialist.org</u>. You may get a list of attorneys from your local I&A Unit or look in the yellow pages.

Warning

Your employer may not pay workers' compensation benefits if you get hurt in a voluntary off-duty recreational, social or athletic activity that is not part of your work-related duties.

Additional rights

You may also have other rights under the Americans with Disabilities Act (ADA) or the Fair Employment and Housing Act (FEHA). For additional information, contact FEHA at (800) 884-1684 or the Equal Employment Opportunity Commission (EEOC) at (800) 669-4000.

The information contained in this pamphlet conforms to the informational requirements found in Labor Code sections 3551 and 3553 and California Code of Regulation, Title 8, sections 9880 and 9883. This document is approved by the Division of Workers' Compensation administrative director.

Revised 6/17/14 and effective for dates of injuries on or after 1/1/13

PREDESIGNATION OF PERSONAL PHYSICIAN

In the event you sustain an injury or illness related to your employment, you may be treated for such injury or illness by your personal medical doctor (M.D.), doctor of osteopathic medicine (D.O.) or medical group if:

- on the date of your work injury you have health care coverage for injuries or illnesses that are not work related;
- the doctor is your regular physician, who shall be either a physician who has limited his or her practice of medicine to
 general practice or who is a board-certified or board-eligible internist, pediatrician, obstetrician-gynecologist, or
 family practitioner, and has previously directed your medical treatment, and retains your medical records;

Important Information about Medical Care if You Have a Work-Related Injury or Illness

Complete Written Employee Notification Re: Medical Provider Network

(Title 8, California Code of Regulations, section 9767.12)

California law requires your employer to provide and pay for medical treatment if you are injured at work. Your employer, STARS Behavioral Health Group & Star View Children, has chosen to provide this medical care by using a Workers' Compensation physician network called a Medical Provider Network (MPN).

This notification tells you what you need to know about the MPN program and describes your rights in choosing medical care for work-related injuries and illnesses.

What happens if I get injured at work?

In case of an emergency, you should call 911 or go to the closest emergency room.

If you are injured at work, notify your employer as soon as possible. Your employer will provide you with a claim form. When you notify your employer that you have had a work-related injury, your employer or insurer will make an initial appointment with a doctor in the MPN.

What is an MPN?

A Medical Provider Network (MPN) is a group of health care providers (physicians and other medical providers) used by your employer to treat workers injured on the job. MPNs must allow employees to have a choice of provider(s). Each MPN must include a mix of doctors specializing in work-related injuries and doctors with expertise in general areas of medicine.

What MPN is used by my employer?

You can get a regional list of all MPN providers in your area by calling the MPN Contact or by going to our website at: <u>genexservices.com</u> Click on Find a Provider/Genex-Provider-Pathway enter **username**: Genex3 **password**: CAMPN3. At minimum, the regional list must include a list of all MPN providers within 15 miles of your workplace and/or residence by utilizing the "Address Search" tab or a list of all MPN providers within the county where you live and/or work by utilizing the "Region Search" tab. You may choose which list you wish to receive. You also have the right to obtain a list of all the MPN providers upon request.

You can access the roster of all treating physicians in the MPN by going to the website at <u>genexservices.com</u> Click on Find a Provider/Genex-Provider-Pathway enter **username:** Genex3 **password:** CAMPN3 Click on the "Roster of CA MPN Treating Physicians".

How do I choose a provider?

Your employer or the insurer for your employer will arrange the initial medical evaluation with a MPN physician. After the first medical visit, you may continue to be treated by that doctor, or you may choose another doctor from the MPN. You may continue to choose doctors within the MPN for all of your medical care for this injury.

If appropriate, you may choose a specialist or ask your treating doctor for a referral to a specialist. Some specialists will only accept appointments with a referral from the treating doctor. Such specialist might be listed as "by referral only" in your MPN directory.

If you need help in finding a doctor or scheduling a medical appointment, you may call the Medical Access Assistant.

Can I change providers?

Yes. You can change providers within the MPN for any reason, but the providers you choose should be appropriate to treat your injury. Contact the MPN Contact or your claims adjuster if you want to change your treating physician.

What standards does the MPN have to meet?

The MPN has providers throughout the ENTIRE STATE OF CALIFORNIA.

The MPN must give you access to a regional list of providers that includes at least three

physicians in each specialty commonly used to treat work injuries/illnesses in your industry. The MPN must provide access to primary treating physicians within 30 minutes or 15 miles and specialists within 60 minutes or 30 miles of where you work or live.

If you live in a rural area or an area where there is a health care shortage, there may be a different standard.

After you have notified your employer of your injury, the MPN must provide initial treatment within 3 business days. If treatment with a specialist has been authorized, the appointment with the specialist must be provided to you within 20 business days of your request.

If you have trouble getting an appointment with a provider in the MPN, contact the Medical Access Assistant.

If there are no MPN providers in the appropriate specialty available to treat your injury within the distance and timeframe requirements, then you will be allowed to seek the necessary treatment outside of the MPN.

What if there are no MPN providers where I am located?

If you are a current employee living in a rural area or temporarily working or living outside the MPN service area, or you are a former employee permanently living outside the MPN service area, the MPN or your treating doctor will give you a list of at least three physicians who can treat you. The MPN may also allow you to choose your own doctor outside of the MPN network. Contact your MPN Contact for assistance in finding a physician or for additional information.

What if I need a specialist that is not available in the MPN?

If you need to see a type of specialist that is not available in the MPN, you have the right to see a specialist outside of the MPN.

What if I disagree with my doctor about medical treatment?

If you disagree with your doctor or wish to change your doctor for any reason, you may choose another doctor within the MPN.

If you disagree with either the diagnosis or treatment prescribed by your doctor, you may ask for a second opinion from another doctor within the MPN. If you want a second opinion, you must contact the MPN contact or your claims adjuster and tell them you want a second opinion. The MPN should give you at least a regional or full MPN provider list from which you can choose a second opinion doctor. To get a second opinion, you must choose a doctor from the MPN list and make an appointment within 60 days. You must tell the MPN Contact of your appointment date, and the MPN will send the doctor a copy of your medical records. You can request a copy of your medical records that will be sent to the doctor.

If you do not make an appointment within 60 days of receiving the regional provider list, you will

not be allowed to have a second or third opinion with regard to this disputed diagnosis or treatment of this treating physician.

If the second-opinion doctor feels that your injury is outside of the type of injury he or she normally treats, the doctor's office will notify your employer or insurer and you. You will get another list of MPN doctors or specialists so you can make another selection.

If you disagree with the second opinion, you may ask for a third opinion. If you request a third opinion, you will go through the same process you went through for the second opinion.

Remember that if you do not make an appointment within 60 days of obtaining another MPN provider list, then you will not be allowed to have a third opinion with regard to this disputed diagnosis or treatment of this treating physician.

If you disagree with the third-opinion doctor, you may ask for an <u>MPN Independent Medical</u> <u>Review (IMR).</u> Your employer or MPN Contact will give you information on requesting an Independent Medical Review and a form at the time you select a third-opinion physician.

If either the second or third-opinion doctor or Independent Medical Reviewer agrees with your need for a treatment or test, you may be allowed to receive that medical service from a provider within the MPN or if the MPN does not contain a physician who can provide the recommended treatment, you may choose a physician outside the MPN within a reasonable geographic area.

What if I am already being treated for a work-related injury before the MPN begins?

Your employer or insurer has a "*Transfer of Care*" policy which will determine if you can continue being temporarily treated for an existing work-related injury by a physician outside of the MPN before your care is transferred into the MPN.

If your current doctor is not or does not become a member of the MPN, then you may be required to see a MPN physician. However, if you have properly predesignated a primary treating physician, you cannot be transferred into the MPN. (If you have questions about predesignation, ask your supervisor.)

If your employer decides to transfer you into the MPN, you and your primary treating physician must receive a letter notifying you of the transfer.

If you meet certain conditions, you may qualify to continue treating with a non-MPN physician for up to a year before you are transferred into the MPN. The qualifying conditions to postpone the transfer of your care into the MPN are set forth in the box below.

Can I Continue Being Treated By My Doctor?

You may qualify for continuing treatment with your non-MPN provider (through transfer of care or continuity of care) for up to a year if your injury or illness meets any of the following conditions:

- (Acute) The treatment for your injury or illness will be completed in less than 90 days;
- · (Serious or Chronic) Your injury or illness is one that is serious and continues for at
- least 90 days without full cure or worsens and requires ongoing treatment. You may be allowed to be treated by your current treating doctor for up to one year, until a safe transfer of care can be made.
- (Terminal) You have an incurable illness or irreversible condition that is likely to cause death within one year or less.
- (Pending Surgery) You already have a surgery or other procedure that has been authorized by your employer or insurer that will occur within 180 days of the MPN effective date, or the termination of contract date between the MPN and your doctor.

You can disagree with your employer's decision to transfer your care into the MPN. If you don't want to be transferred into the MPN, ask your primary treating physician for a medical report on whether you have one of the four conditions stated above to qualify for a postponement of your transfer into the MPN.

Your primary treating physician has 20 days from the date of your request to give you a copy of his/her report on your condition. If your primary treating physician does not give you the report within 20 days of your request, the employer can transfer your care into the MPN and you will be required to use an MPN physician.

You will need to give a copy of the report to your employer if you wish to postpone the transfer of your care. If you or your employer disagrees with your doctor's report on your condition, you or your employer can dispute it. See the complete Transfer of Care policy for more details on the dispute resolution process.

For a copy of the Transfer of Care policy, in English or Spanish, ask your MPN Contact.

What if I am being treated by a MPN doctor who decides to leave the MPN?

Your employer or insurer has a written "Continuity of Care" policy that will determine whether you can temporarily continue treatment for an existing work injury with your doctor if your doctor is no longer participating in the MPN.

If your employer decides that you do not qualify to continue your care with the non-MPN provider, you and your primary treating physician must receive a letter notifying you of this decision.

If you meet certain conditions, you may qualify to continue treating with this doctor for up to a year before you must choose a MPN physician. These conditions are set forth in the "Can I Continue Being Treated By My Doctor?" box above.

You can disagree with your employer's decision to deny you Continuity of Care with the terminated MPN provider. If you want to continue treating with the terminated doctor, ask your primary treating physician for a medical report on whether you have one of the four conditions stated in the box above to see if you qualify to continue treating with your current doctor temporarily.

Your primary treating physician has 20 days from the date of your request to give you a copy of his/her medical report on your condition. If your primary treating physician does not give you the report within 20 days of your request, your employer's decision to deny you Continuity of Care with your doctor who is no longer participating in the MPN will apply, and you will be required to choose a MPN physician.

You will need to give a copy of the report to your employer if you wish to postpone the selection of another MPN doctor for your continued treatment. If you or your employer disagrees with your doctor's report on your condition, you or your employer can dispute it. See the complete Continuity of Care policy for more details on the dispute resolution process.

For a copy of the Continuity of Care policy, in English or Spanish, ask your MPN Contact.

Si vive en un área rural o en un área donde haya falta de atención médica, podrá cumplirse un estándar diferente.

Si no está de acuerdo con la segunda opinión, podrá solicitar una tercera opinión. Si solicita una tercera opinión, pasará por el mismo proceso por el que pasó para la segunda opinión.

Recuerde que si no solicita un turno dentro de los 60 días de haber obtenido otra lista de proveedores de la Red de Proveedores Médicos, no podrá recibir una tercera opinión en lo que respecta al diagnóstico o tratamiento en disputa de este médico de tratamiento.

Si no está de acuerdo con el médico que le brinda la tercera opinión, podrá solicitar una <u>Revisión Médica Independiente (IMR) de la Red de Proveedores Médicos.</u> Su empleador o la persona de contacto de la Red de Proveedores Médicos le brindarán información sobre cómo solicitar una Revisión Médica Independiente y un formulario, al momento de seleccionar al médico para recibir la tercera opinión.

Si la segunda o tercera opinión médico o Evaluador Médico Independiente está de acuerdo con su necesidad de un tratamiento o prueba, se le puede permitir al recibir el servicio médico de un proveedor dentro de la MPN o si la MPN no contiene un médico que puede proporcionar el tratamiento recomendado, usted puede elegir un médico fuera de la MPN dentro de un área geográfica razonable.

¿Qué ocurre si ya estoy siendo tratado por una lesión relacionada con el trabajo antes de que comience la Red de Proveedores Médicos?

Su empleador o asegurador tiene una política de *"Transferencia de Atención Médica"* que determinará si puede continuar siendo tratado temporalmente por una lesión existente relacionada con el trabajo, por un médico que se encuentre fuera de la Red de Proveedores Médicos, antes de que se transfiera su atención médica a la Red de Proveedores Médicos.

Si su médico actual no es o no se convierte en un miembro de la MPN, entonces es posible que tenga que ver a un médico de la MPN. Sin embargo, si usted ha designado previamente un médico para atenderlo, usted no puede ser transferido a la MPN. (Si usted tiene preguntas acerca de la designación previa, pregunte a su supervisor.)

Si su empleador decide transferirlo a la Red de Proveedores Médicos, usted y su médico de tratamiento primario deberán recibir una carta informándole la transferencia.

Si cumple con determinadas condiciones, podrá calificar para continuar tratándose con un médico que no sea de la Red de Proveedores Médicos hasta por un año antes de ser transferido a la Red de Proveedores Médicos. En el cuadro a continuación se encuentran las condiciones que califican para posponer la transferencia de su atención médica a su Red de Proveedores Médicos.

¿Puedo Continuar Siendo Tratado Por Mi Médico?

Podrá calificar para continuar el tratamiento con su proveedor que no es de la Red de Proveedores Médicos (a través de la transferencia de la atención médica o la continuídad de la atención) hasta por un año si su lesión o enfermedad cumple con alguna de las siguientes condiciones:

- (Agudo) El tratamiento de la lesión o enfermedad será completado en menos de 90 días;
- (Grave o crónico) Su lesión o enfermedad es grave o continúa durante por lo menos 90 días sin una cura absoluta o empeora o requiere un tratamiento continuo. Se le puede permitir ser tratado por su médico de tratamiento actual hasta por un año, hasta que pueda realizarse la transferencia segura del cuidado médico.
- (Terminal) Una enfermedad incurable o una condición irreversible que probablemente cause la muerte dentro del año o menos.
- (Cirugía Pendiente) Una cirugía u otro procedimiento que ha sido autorizado por su empleador o asegurador que ocurrirá dentro de los 180 días de la fecha efectiva de la Red de Proveedores Médicos o de la fecha de terminación del contrato entre la Red de Proveedores Médicos y su médico.

Puede no estar de acuerdo con la decisión de su empleador de transferir su atención médica a la Red de Proveedores Médicos. Si no desea ser transferido a la Red de Proveedores Médicos, solicítele a su médico de tratamiento primario un informe médico indicando si tiene alguna de las cuatro condiciones previamente indicadas para calificar para que se postergue su transferencia a la Red de Proveedores Médicos.

Su médico de tratamiento primario tiene 20 días desde la fecha de su solicitud para entregarle una copia del informe sobre su condición. Si su médico de tratamiento primario no le entrega el informe dentro de los 20 días desde su solicitud, el empleador podrá transferir su atención médica a la Red de Proveedores Médicos y usted deberá utilizar un médico de la Red de Proveedores Médicos.

Deberá entregarle una copia del informe a su empleador si desea posponer la transferencia de su atención médica. Si usted o su empleador no están de acuerdo con el informe de su médico sobre su condición, usted o su empleador podrán manifestar una controversia. Observe la política completa de transferencia de atención médica para obtener más detalles sobre el proceso de resolución de controversias.

Para obtener una copia de la Política de Transferencia de Atención Médica en inglés o en español, solicítesela al Contacto de la Red de Proveedores Médicos.

¿Qué ocurre si estoy siendo tratado por un médico de la Red de Proveedores Médicos que decide retirarse de la Red?

Su empleador o su asegurador cuentan con una política escrita de "Continuidad de Atención Médica" que determinará si puede continuar temporalmente el tratamiento con su médico para una lesión existente relacionada con el trabajo, si su médico deja de participar en la Red de Proveedores Médicos.

Si su empleador decide que no califica para continuar su atención médica con el proveedor que no se encuentra dentro de la Red de Proveedores Médicos, usted y su médico de tratamiento primario deberán recibir una carta informándoles esta decisión.

Si cumple con determinadas condiciones, podrá calificar para continuar el tratamiento con este médico hasta por un año antes de tener que elegir un médico de la Red de Proveedores Médicos. Estas condiciones son caja establecidos en el "¿Puedo Continuar Ser Tratado Por Mi Médico?" Anterior.

Puede no estar de acuerdo con la decisión de su empleador de rechazar su Continuidad de Atención Médica con el proveedor que ya no trabaje más en la red. Si desea continuar tratándose con el médico que ya no trabaja en la red, solicítele a su médico de tratamiento primario un informe médico si usted tiene una de las cuatro condiciones indicadas en el cuadro previo o si califica para continuar tratándose con su médico actual temporalmente.

Su médico de tratamiento primario tiene 20 días desde la fecha de su solicitud para entregarle una copia de su informe médico sobre su condición. NOTICE REGARDING PARTIAL DENIAL OF WORKERS' COMPENSATION BENEFIT

Dear Ms. James Young,

Athens Administrators is handling your workers' compensation claim on behalf of STARS Behavioral Health Group. This notice is to advise you of the status of disability benefits for your workers' compensation injury on the date shown above.

After careful consideration of all the available information, we are denying liability for your claim of injury to your back as there is no substantial medical, legal, or factual evidence to support you sustained a work related injury to these body parts while employed for Stars. We will continue to accept the neck and left shoulder.

For claims reported on or after April 19, 2004, regardless of the date of injury, if you submitted a claim form to your employer or claims administrator, Labor Code section 5402(c) provides that within one working day after you file the claim form, the employer shall authorize the provision of all treatment, consistent with the applicable treating guidelines, for the alleged injury and shall continue to provide such medical treatment until the claims administrator accepts or denies liability for the claim. Until the date the claim is accepted or rejected, liability for medical treatment under this Labor Code section shall be limited to a maximum of ten thousand dollars (\$10,000).

Unless you have done so already, you should immediately send me for consideration of payment, all bills for medical services provided between the date the completed claim form was given to the employer and the date that liability for the claim is rejected.

Although your claim has been denied, if you believe that you still need medical treatment for your injury or illness, you have the right to obtain treatment outside the workers' compensation system.

If you have your own health insurance, or are eligible to be treated by someone else's health insurance, you can use that insurance to get medical care. You should advise your physician that you believe that your injury or illness is work related, so the health insurer can seek reimbursement from the claims administrator.

If you do not have health insurance available, there are doctors, clinics, or hospitals that will treat you without immediate payment. You should advise any doctor, clinic, or hospital that agrees to treat you that you believe that your injury or illness is work related so they can seek payment from the claims administrator through the workers' compensation system.

Since you are represented, please contact your attorney with any questions.

In accordance with 8 CCR §9810 (n), Athens Administrators is unable to offer a secured encrypted electronic submission to you or your attorney of your benefit notices. Therefore, if either you or your attorney, if any, have previously notified us that you wish these notices sent to you electronically by completing item #8 on the Employee Claim Form (DWC-1), please be advised that your notices will continue to be sent to you by regular mail on the date they are required.
