## ***Important Notice!***

**The facility failed to provide a Declaration**

The facility did not include a declaration with the records and has not responded to our request for one. If they provide one in the future we will forward it. If you would like an affidavit describing our efforts please contact us at (800) 244-3495.

**We received the pages by mail**

The records were not copied by our representative at the facility's address. The pages were received either by mail or delivery, then scanned into our system for numbering, storage, and CD publishing.

**The attached records were copied at a third party location**

The facility insisted that we copy the records at the following location

Name of third party: \_\_\_\_\_

Address of third party: \_\_\_\_\_

**Received Objection or Motion to Quash**

The opposing attorney sent us a written objection; therefore, it is probable that some records were withheld.

**Declaration may not have been signed by the Custodian of Records**

We have reason to doubt the party who signed the attached Declaration is the actual Custodian of Records. The person signing does not appear to be an employee or representative of the original facility.

**Copies of the records were provided by a third party**

The only way the facility would provide access to these records was through a third-party, such as another copy services. If you would like us to prepare a petition to compel the facility to provide the original records to us for copying please call our office.

**Out-of-State facility**

The attached records were sent to our office from an out-of-state facility; therefore, the facility is not required to sign the Affidavit of Custodian of Records normally required by California's Evidence Code 1560, 1561.

**Microfiche**

The following records are of poor quality due to the fact that they were made from microfiche. We have done all we can to improve their quality. We apologize for any inconvenience this may cause.
