To Whom It May Concern:

Under penalty of perjury, this report is submitted pursuant to 8 Cal Code of Regulations Section 9795 (b) and (c) as an **ML-203-94** Agreed Supplemental Medical-Legal Evaluation.
Total pages of records received and reviewed, 5. Declaration(s) enclosed at the end of report.

I am in receipt of x-rays on this examinee ostensibly in a weightbearing position. For the left knee, the new report is 2.3 mm of medial joint space. The prior report was 3 mm.

If the version 2.55 of the Official AMA software is consulted on this, the difference is that the WPI rises from 6% to 11%, assuming 115 degrees of flexion.

This report also suggests that the examinee is edging slowly toward bone-on-bone and becoming more and more of a candidate for a total knee replacement.

Please contact me if I can be of further assistance.

COMPLIANCE DISCLOSURE STATEMENT

I certify that I reviewed all available medical records, and composed and drafted the conclusions of this report. If others have performed any services in connection to this report, outside of clerical preparation, their names and qualifications are noted herein. In combination with the examination, the excerpts and records were reviewed to define the relevant medical issues. The conclusions and opinions within this report are solely mine. I declare under penalty of perjury that the information contained in this report and its attachments, if any, is true and correct to the best of my knowledge and belief, except as to information that I have indicated I received from others. As to that information, I declare under penalty of perjury that the information accurately describes the information provided to me and, except as noted herein, that I believe it to be true. In accordance with Labor Code Section 5703(a) (2), there has not been a violation of Labor Code Section 139.3, and the contents of the report are true and correct to the best of my knowledge. This statement is made under penalty of perjury. Pursuant to 8 Cal. Code Regs. Section 49.2-49.9, I have complied with the requirement for face-to-face time with the patient in this evaluation. If necessary, I have discussed apportionment in the body of this report. If I have assigned disability caused by factors other than the industrial injury, that level of disability constitutes the apportionment. The ratio of nonindustrial disability, if any, to all described disability represents my best medical judgment of the percentage of disability caused by the industrial injury and the percentage of disability caused by other factors, as defined in Labor Code Section 4663 and 4664.

Sincerely,
