| Time Spent on Report Preparation | 15 Mins |

Dear Gentlepersons:

The above-named patient was seen for a Primary Treating Physician's Follow up Evaluation on January 6, 2022, in my office located at 12626 Riverside Drive, Suite 510, North Hollywood, California 91607. The following information contained in this report is derived from a review of the available medical records, as well as the oral history as presented by the patient. **My associate, Dr. Kravchenko, examined the patient and I, Dr. Gofnung, the primary treating physician, agree with Dr. Kravchenko's physical examination findings and conclusions.**

The history of injury as related by the patient, the physical examination findings, my conclusions and overall recommendations are as follows.

Re: Patient: Castillo, Regelin P.
DOI: CT: 1/1/2009-2/19/2019
Date of Exam: January 6, 2022

This authorization for treatment is made in compliance with Labor Code 4610 and 8 CCR 9792.6(o) and therefore serves as a written request for authorization for today's evaluation/consultation and treatment recommendations as described in this report. Please comply with Labor Code 4610, 8 CCR 9792.11 – 9792.15, 8 CCR 10112 – 10112.3 (formerly 8 CCR 10225 – 10225.2) and Labor Code 5814.6. Please comply with Sandhagen v. State Compensation Insurance Fund (2008) 44 Cal. 4 ch 230. Please comply with Jesus Cervantes v. El Aguila Food Products, Inc. and Ciga, et al., WCAB en banc, 7-0, November 19, 2009. Be aware that Labor Code 4610(b) requires the defendant to conduct utilization review on any and all requests for treatment. Furthermore, Labor Code 4610 Utilization Review deadlines are mandatory. It is the defendant's duty to forward all consultation and treatment authorization requests to utilization review. Be aware the defendant and insurance company has five working days to authorize, delay, modify or deny a request for all treatment, but 10 days for spinal surgery. Please issue timely payment for medical care and treatment rendered in order to avoid payment of interests and penalties, per labor codes referenced. Failure of the defendant or insurance company to respond in writing within five working days results in an authorization by default. Furthermore, failure to pay for "self-procured" medical care when utilization deadlines are missed triggers penalties for the defendant or the insurance company due to violation of 8 CCR 10225 – 10225.2 and Labor Code 5814/5814.6 and 4603.2b. When there is a dispute with regard to treatment, the right to proceed with the Labor Code 4062 process belongs exclusively to the injured employee. If the treatment recommendations are not authorized by the insurance carrier, this report and bill should be kept together by the Workers' Compensation carrier for the review company. The claims examiner should forward this report to the defense attorney and nurse case manager.

Physical Evaluation (January 6, 2022) – Positive Findings:

Shoulders & Upper Arms:

Left Shoulder:

Examination revealed tenderness over the left shoulder at the supraspinatus near insertion as well as over the left subacromial and subdeltoid bursa.

Ranges of motion of the left shoulder were normal with pain at left shoulder upon extremes of flexion and abduction.

Elbows & Forearms:

Examination revealed tenderness over the lateral epicondyles.

Bilateral Cozens' tests were positive.

Ranges of motion of the elbows were normal:

Wrists & Hands:

Examination revealed tenderness over the bilateral wrists over the volar and dorsal crease as well as anatomical snuff box and thenar regions.

Bilateral Finkelstein's tests are positive.

Ranges of motion of the bilateral wrists were normal with pain upon extremes of flexion and extension.

Finger:

Upon inspection, deformity and swelling was noted at the bilateral fifth digits at the distal interphalangeal joints and third digits at the proximal interphalangeal joints.

Tenderness at bilateral hand digits two through five at the proximal interphalangeal and distal interphalangeal joints, predominantly over the distal interphalangeal joints of fifth digits and third digits. Tenderness was also present of bilateral thumbs at the carpometacarpal joints and metacarpophalangeal joints.

Bilateral hands digit ranges of motion were grossly within normal limits with pain upon extremes of range of motion of all digits.

repetitive or forceful gripping, grasping, torqueing, pulling, and pushing. The patient should use bilateral epicondylitis brace, bilateral wrist and thumb Spica.

If modified duty as indicated is not provided, then the patient is considered temporarily totally disabled until reevaluation in four weeks.

Disclosure:

I derived the above opinions from the oral history as related by the patient, revealed by the available medical records, diagnostic testing, credibility of the patient, examination findings and my clinical experience. This evaluation was carried out at 12626 Riverside Drive, Suite 510 • North Hollywood, California 91607. I prepared this report, including any and all impressions and conclusions described in the discussion.

In compliance with recent Workers' Compensation legislation (Labor Code Section 4628)(b): "I declare that Dr. Kravchenko examined the patient and may have assisted with initial preparation and assembly of components of this report, and I, Dr. Gofnung, the primary treating physician, have reviewed the report, edited the document, reviewed the final draft and I am in agreement with the findings, including any and all impressions and conclusions as described in the this report."

I performed the physical examination, reviewed the document and reached a conclusion, of this report which was transcribed by Acu Trans Solution LLC and I proofread and edited the final draft prior to signing the report in compliance with the guidelines established by the Industrial Medical Council or the Administrative Director pursuant to paragraph 5 of the subdivision (J) of Section 139.2.

In compliance with recent Workers' Compensation legislation (Labor Code Section 4628(J)): "I declare under penalty of perjury that the information contained in this report and it's attachments, if any, is true and correct to the best of my knowledge and belief, except as to information I have indicated I have received from others. As to that information, I declare under penalty of perjury that the information accurately describes the information provided to me and, except as noted herein, that I believe it to be true."

In compliance with recent Workers' Compensation legislation (Labor Code Section 5703 under AB 1300): "I have not violated Labor Code Section 139.3 and the contents of this report are true and correct to the best of my knowledge. This statement is made under penalty of perjury and is consistent with WCAB Rule 10978."

The undersigned further declares that the charges for this patient are in excess of the RVS and the OMFS codes due to high office and staff costs incurred to treat this patient, that the charges are the same for all patients of this office, and that they are reasonable and necessary in the circumstances. Additionally, a medical practice providing treatment to injured workers experiences extraordinary expenses in the form of mandated paperwork and collection expenses, including the necessity of appearances before the Workers' Compensation Appeals Board. This office does not accept the Official Medical Fee Schedule as prima facie evidence to support the reasonableness of charges. I am a board-certified Doctor of Chiropractic, a state-appointed Qualified Medical Evaluator, a Certified Industrial Injury Evaluator and certified in manipulation under anesthesia. Based on the level of services provided and overhead expenses for services contained within my geographical area, I bill in accordance with the provisions set forth in Labor Code Section 5307.1.

NOTE: The carrier/employer is requested to immediately comply with 8 CCR Section 9784 by overnight delivery service to minimize duplication of testing/treatment. This office considers "all medical information relating to the claim" to include all information that either has, will, or could reasonably be provided to a medical practitioner for elicitation of medical or medical-legal opinion as to the extent and compensability of injury, including any issues regarding AOE/COE - to include, but not be limited to, all treating, evaluation, and testing reports, notes, documents, all sub rosa films, tapes, videos, reports; employer-level investigation documentation including statements of individuals; prior injury documentation; etc. This is a continuing and ongoing request to immediately comply with 8 CCR Section 9784 by overnight delivery service should such information become available at any time in the future. Obviously, time is of the essence in providing evaluation and treatment. Delay in providing information can only result in an unnecessary increase of treatment and testing costs to the employer.

I will assume the accuracy of any self-report of the examinee's employment activities, until and unless a formal Job Analysis or Description is provided. Should there be any concern as to the accuracy of the said employment information, please provide a Job Analysis/Description as soon as possible.

I request to be added to the Address List for Service of all Notices of Conferences, Mandatory Settlement Conferences and Hearings before the Workers' Compensation Appeals Board. I am advising the Workers' Compensation Appeals Board that I may not appear at hearings or Mandatory settlement Conferences for the case in chief. Therefore, in accordance with Procedures set forth in Policy and Procedural Manuel Index No. 6.610, effective February 1, 1995, I request that defendants, with full authority to resolve my lien, telephone my office and ask to speak with me.

The above report is for medicolegal assessment and is not to be construed as a report on a complete physical examination for general health purposes. Only those symptoms which I believe have been involved in the injury, or might relate to the injury, have been assessed. Regarding the general health of the patient, the patient has been advised to continue under the care of and/or to get a physical examination for general purposes with a personal physician.

I declare under penalty of perjury under the laws of the State of California that the above is true and correct.

Should you have any questions with regard to this consultation please contact me at my office.
